YOUR ASIA PACIFIC HUB FOR THE BEST GAMING EQUIPMENT

IPG INTERNATIONAL

COMPANY PROFILE

ABOUT US

IPG International (IPGI), headquartered in Sydney, Australia, has established itself as a premier distributor and operator of high-quality casino gaming and slot machine equipment in the Asian and Australasian markets. Founded by CEO William Redshaw in 1989 and incorporated in New South Wales, IPGI has evolved into a top-tier machine supplier in Australasia, with key distribution partnerships in the gaming industry.

Expanding Horizons:

IPGI's diverse product range includes cutting-edge casino and gaming equipment, slot machines, electronic roulettes, live streaming products, casino/slot management systems, and signage solutions. They have successfully supplied gaming products and operations to every casino in Australia and most of Southeast Asia, including cruise ship casinos.

The Complete Casino Solution:

As a trusted professional slot operator, IPGI offers clients the opportunity to equip their entire casino and select tables or slots for revenue-sharing arrangements. IPGI's commitment extends beyond equipment supply; they continually enhance their product and service offerings to cater to the evolving needs of international casino operations.

IPGI is also a trusted and experienced professional slot operator.

Dedicated Customer Support:

IPGI maintains a close relationship with casino management, purchasing teams, and operations staff, both for slot machines and table gaming. They prioritize regular service calls and on-site support to ensure their partners' success. The senior management at IPGI actively engages with clients, staying attuned to changing requirements. From initial set-up to ongoing management, IPGI's seasoned team is ready to improve casino operations as businesses mature.

Embracing Innovation:

IPGI remains at the forefront of casino technology, consistently promoting and operating the latest gaming equipment to benefit all customers. Their commitment to exceptional service, technological excellence, and dedication to meeting the unique needs of the gaming industry sets IPG International apart as a leader in the field.

"Through exceptional customer service and strong technical backup, IPGI is a well-trusted and respected gaming equipment supplier and professional gaming operator to international casinos and cruise ship operators." - William Redshaw, CEO of IPG

YOUR ASIA PACIFIC HUB FOR THE BEST GAMING EQUIPMENT

Trusted Experience.

Our hands-on personalised approach combined with an extremely experienced management team.

Local Presence.

We work closely with our business partners on the ground to understand your business requirements.

Original Quality Products.

Benefit from our extensive range of distribution channels with a leading-edge slot machine and table gaming partner and supplier.

Our Team.

Our expert team has years of experience in gaming industry development and management.

William Frank Redshaw, MBA, BSc

Chief Executive Officer

William founded IPG International in 1989 after serving as VP of International Sales at IGT. He started in gaming with Aristocrat in 1980, eventually becoming the General Manager of European sales. With over four decades of experience, William has built a global network. He is based in Sydney, Australia, but travels extensively to maintain connections with IPGI's customer base. His ethical approach has secured numerous multi-year casino contracts, and he leads the IPGI team from Sydney.

Iain John Fairgrieve

President of Operations International

Iain joined IPGI in 1993, launching India's first legal gambling operation and securing contracts with major hotel groups. He later promoted IPGI products across Asia and the Pacific. With a background in Sun International and Access Gaming Systems, he became IPGI's President of Operations in 2016. Iain oversees global operations, travels extensively, and keeps up with gaming technology, establishing IPGI as a respected gaming supplier in the Asia Pacific.

Kevin M. Scorgie

Executive Director of Tables Games Sales and Operations

Kevin Scorgie, a 40-year gaming veteran, joined IPG International in 2018 as a partner in the Table Games Division. His expertise spans sales and casino operations, serving Asia and Australasia. Kevin's reputation extends from casino openings to daily operations, including international clients. He excels in identifying growth opportunities, cultural sensitivity, and regulatory compliance. He's well-versed in working with Casino Control Authorities and stays updated on industry trends through seminars and travel.

Our Team.

Our expert team has years of experience in gaming industry development and management.

Peter Orel

Technical and Slot Operations Director

Peter, who joined IPGI in 2014, now serves as Operations Director. He oversees technical and operational support, administration, and service across Asia. With a background dating back to 1999 in the casino industry, he's attended global gaming shows to stay updated on the latest technology. Peter leads IPGI's technical training program, maintains hands-on involvement through regular travel in Asia, and manages a team of over 30 technical and administrative staff.

Chris Beltran

Senior Business Development Manager

Chris Beltran, Senior Sales Executive at IPGI since 2022, is based in the Philippines. With 29 years of industry expertise, he has a proven track record in various roles, including leading the first cruise ship dealer training school. Chris has been instrumental in numerous casino openings and is skilled in uncovering customer needs, finding solutions, and exceeding sales goals. He excels in operations management and business development, building relationships, negotiating contracts, and achieving successful project outcomes.

Anton Ivakin

Business Development Manager

Anton, our new Business Development Manager based in Phnom Penh, Cambodia, brings years of casino experience from Russia's "Vulkan" network and expertise in logistics. He has a track record of opening his own container freight forwarding company. Fluent in Russian, English, and Khmer, Anton's role is pivotal in driving new business, marketing, and advertising as part of IPG International's five-year modernization plan.

Our Team.

Our expert team has years of experience in gaming industry development and management.

Henk Cronje

Senior International Technician

Hendrik Johannes Cronjé joined IPGI in 2018 as the International Senior Technical Manager. With 25 years of gaming industry experience, he began as an installations technician in South Africa during the transition to cashless gaming systems. Henk worked with industry leaders like Sun International and Tsogo Sun before transitioning to international roles in Africa and Southeast Asia. He is based in IPGI's Sydney office, contributing problem-solving skills and expertise in hardware integration to the company's Technical Operations.

Warren Kay

Gaming and Slots Manager – Cambodia

Warren Kay is the Gaming and Slots Manager for IPGI in Cambodia, joining the team in November 2016. With a wealth of global gaming experience, Warren oversees slot operations in various areas where IPGI operates, including Sihanoukville. Warren's expertise in live table gaming and slot operations positions him well for overseeing new gaming ventures in the Asia Pacific Region. He is currently based in Sihanoukville, Cambodia.

Bunchhea Chin

Slots Operations Manager - Cambodia

Bunchhea joined IPG International in Feb 2013 as an Operations Slots Manager with over 20 years of experience. He oversees IPGI's operations in Cambodia, focusing on slot operations and exploring new revenue-sharing opportunities. Bunchhea's extensive industry experience and strong customer connections contribute to IPGI's success in Cambodia and beyond.

ICON POKER

ICON POKER gaming chips are built on more than 40+ years of history in the gaming industry. ICON proudly offers the ICON DuraChip™ with IPT Technology™. This product became immediately popular because of its extremely high quality and ICON's low relative price point for a premier-class gaming chip.

ICON gaming chips feature a patented design and are manufactured to ensure high-quality construction, a permanent graphic image, and a superior-quality matte finish. The attention to detail is exceptional, creating a casino feel for handling, shuffling, and counting. The casino quality ICON DuraChips™ chips will not break apart or wear thin. They are a hybrid Clay/Plastic composite chip.

The anti-counterfeited ICON gaming chips are among the most secure non-RFID chips in the gaming industry. They have never been successfully counterfeited, and a variety of security options are available for them.
